MediBook Patient Portal: Functional Requirements

Document MB-PRD-004 | Version 1.2 | Status: Approved | Owner: MediBook Product Team

Purpose	Defines the functional requirements for the patient-facing appointment booking portal.
Scope	Patient login, appointment booking, cancellation, confirmation and session handling. Clinic staff tools are out of scope.
Users	Registered patients of MediBook partner clinics.

Requirements

ID	Requirement	Description	Priority
REQ-01	Patient login	Patients sign in with their registered email address and password. After **3 consecutive failed attempts**, the account is locked for **15 minutes**. The error message for a failed sign-in must be generic ("Invalid email or password.") and must not reveal whether the email or the password was incorrect.	Critical
REQ-02	Password rules	Passwords must be **8 to 20 characters** long (inclusive) and contain **at least one number**.	High
REQ-03	Booking window	Appointments may be booked **1 to 30 days in advance** (inclusive). Same-day booking is not permitted.	High
REQ-04	Time slots	Appointments use **30-minute slots**. The first slot starts at **08:00** and the last slot starts at **16:30**. Appointments are available **Monday to Friday** only.	High
REQ-05	Reason for visit	A reason for visit is **required** and may be at most **200 characters**.	Medium
REQ-06	Appointment limit	A patient may hold a maximum of **2 upcoming appointments** at any time. Attempting to book a third displays a message explaining the limit.	High
REQ-07	Cancellation	Patients may cancel an appointment up to **24 hours before** its start time. Within 24 hours of the start time, the Cancel action is disabled and an explanation is displayed.	High
REQ-08	Booking confirmation	After a successful booking, a confirmation screen displays a reference number in the format **MB-NNNNNN** (MB- followed by six digits), and a confirmation email is sent to the patient's registered email address.	High

ID	Requirement	Description	Priority
REQ-09	Insurance ID	Insurance ID is **optional**. If provided, it must be **3 letters followed by 7 digits** (e.g. ABC1234567). An invalid value displays a validation error and blocks the booking.	Medium
REQ-10	Session timeout	A signed-in patient is signed out automatically after **15 minutes of inactivity**.	High

Revision history

Version	Date	Change
1.0	2026-06-02	Initial draft
1.1	2026-07-15	Added REQ-09 Insurance ID
1.2	2026-09-08	Lockout threshold reduced from 5 to 3 attempts (REQ-01); approved
